

QuickAir

The QuickAir Emergency Escape Breathing Apparatus (EEBA) is NIOSH approved for escape from atmospheres that have become immediately dangerous to life or health (IDLH). The QuickAir provides a constant supply of air at 40 liters per minute for 5 or 10-minutes of escape. A 5-minute high flow model that supplies air @ 70 lpm is also available. The QuickAir can be donned quickly with minimal training, even in the dark. Pictograms that demonstrate how to don the unit serve as convenient reminders on the carrying bag. The QuickAir EEBA is user friendly for both left and right handed personnel and can be worn over either shoulder, across the chest or around the neck.

The transparent, self-extinguishing hood will not fog and provides unlimited vision range. It will accommodate long hair, beards and eyeglass wearers.

The QuickAir is a rugged, durable unit designed for a long shelf life in extreme conditions. The highly-visible orange carrying bag is made of flexible PVC that resists flame, chemicals, mildew and ultraviolet rays. Hard plastic storage cases and wall hanging kits are available for each unit.

Technical Data

Hood Material	Flame retardant PVC			
Harness Material	Nylon webbing			
Carrying Bag	Laminated reinforced PVC			
Cylinder Type	Aluminum Cylinder with CGA 346 Valve			
Cylinder DOT#	DOT-3AL			
QuickAir Options:	Flow Rate	Air Capacity (liters)	Unit Weight (lbs/kg)	Shipping Weight (lbs/kg)
5-Minute 2216 psi	40	227 liters	7.0/3.2	8.8/4.0
5-Minute 3000 psi	40	250 liters	7.8/3.5	9.6/4.4
High Flow 5-Minute 3000 psi	70	430 liters	10.0/4.5	11.8/5.4
10-Minute 3000 psi	40	430 liters	10.0/4.5	11.8/5.4

Order Information

QuickAir 5-Minute, 2216 psi cylinder (40 L/min)	4055438
QuickAir 5-Minute, 3000 psi cylinder (40 L/min)	4054953
High Flow QuickAir 5-Minute, 3000 psi cylinder (70 L/min)	4054996
QuickAir 10-Minute, 3000 psi cylinder (40 L/min)	4054954
Sturdy Storage Case for 5-Minute Units	4055042
Sturdy Storage Case for 10-Minute Unit	4055041
Wall Mount Kit (to Attach Storage Case to Wall)	4055000
